

Scripture: Matthew 5:8-9 “You’re blessed when you get your inside world—your mind and heart—put right. Then you can see God in the outside world. You’re blessed when you can show people how to cooperate instead of compete or fight. That’s when you discover who you really are, and your place in God’s family.” (The Message)

Blessings: Blessing is God's thermostat that can affect the very atmosphere where we live. Try blessing the environment and conditions of the situation and expect change. You have the power to change the environment and set the peaceful temperature wherever you go. Blessing enthrones God to His rightful place where He can change people and situations.
